# Scholastic

Background checks for education institutions are fast becoming a requirement in many states and throughout the country. With the legislative landscape today, if it is not required now, it will be sometime soon.

30-40%

Recent statistics show that professional staffs are over 90% compliant with the new regulations.

However, education institutions are only meeting between 30-40% compliance.

PROVERIFY™ SCHOLASTIC SCREENING

The ProVerify™ service offering provides online technology and background screening services for education institutions that tailor to your unique needs.
